↑ Sample of Full-line Catalog before brand refresh

↔ Brand Refresh Full-line Catalog.

- Incremental changes to the Visual Brand Language and Brand Standards keep the brand fresh
- Register trade mark moved inside of logo to make it background independent compared to the older logo than needed a version for light backgrounds and another for dark
- Use of wide angle photography was introduced to emphasize the power and size of the mowers even more than the low angle photography in prior catalogs
- Layout given a more angular look to distance the look from the new Snapper Pro catalog (shown later in portfolio)

→ Australian Ferris Full-line Catalog.

- Prior Australian catalogs were not properly aligned with the current Visual Brand Language and Brand Standards. They normally lagged a couple of years behind domestic marketing material. This project, done during the summer of 2016, refreshed the Australian catalog to the current look for North American material.
- Pages from the North American catalog were adapted to Australian/European paper sizes
- Australian photography was used when possible due to a difference in background vegetation

Who Can Enroll Insert →

Who Can Enroll

You are eligible to enroll in Keystone 65 if you are a resident of Bucks, Chester, Delaware, Montgomery, or Philadelphia counties. (Of course, you may travel throughout the United States and still use your Keystone 65 benefits for emergency care or for out-of-area urgent care and renal dialysis services.)

You must be entitled to Medicare Part A and enrolled in Part B. You must continue to pay your Medicare Part A premium (if applicable) and your Medicare Part B premium. If you join Keystone 65, you must receive your Medicare Part D prescription drug coverage through the plan. You will not receive prescription drug coverage if you choose a medical-only option.

The federal government will not allow us to enroll people with End-Stage Renal Disease (ESRD) unless converting from Keystone Health Plan East individual or employer group coverage during your initial coverage election period, or if your current Medicare Advantage plan stops providing coverage in your area. However, should you develop ESRD while enrolled in Keystone 65, you cannot be disenrolled for that reason.

What to do when your membership begins

On the effective date of your membership, you can put your Medicare card away. If you leave our program for any reason, you will need it again — so keep it in a safe place. Then, start using your Keystone 65 ID card and our network of contracted doctors and hospitals. Except for emergencies, urgently needed care, or out-of-area dialysis services, you must receive all your health care from our extensive network of contracted plan providers. If you use other providers without a referral from your primary care physician, you may be responsible for the costs.

Answers to Questions You May Have About Keystone 65

Q. How does Keystone 65 compare with a Medicare supplement?

A. A Keystone 65 plan provides more coverage than a typical Medicare supplement and Original Medicare premium. There's an emphasis on preventive care — with many services covered at no cost to you. What's more, with Keystone 65 you can have added coverage for SilverSneakers® and your medical and your Medicare prescription drug coverage.

Q. If I choose a medical-only option, can I join a different Medicare plan?

A. No. If you enroll in Keystone 65, you must get Medicare Part D prescription drug coverage through the plan.

Q. I travel a lot. What if I have an emergency?

A. You may travel throughout the United States and use your Keystone 65 benefits for emergencies and out-of-area urgent care and renal dialysis.

Q. Does Keystone 65 cover dental visits?

A. You'll be eligible for benefits to pay for routine cleanings and cleanings. You're also covered for vision and dental services — and can get reimbursement for eyeglasses and hearing aids.

Q. How do I know if the medications I take are covered?

A. A formulary — the list of drugs covered by the plan — is included. We've negotiated special prices with drug companies for the medications in our formulary.

Q. I have another company's Medicare Advantage plan. How do I switch to Keystone 65?

A. It's easy. Select the plan you want, complete the enrollment form and mail it in the postage-paid envelope provided. By signing up for Keystone 65, you will be disenrolled from any current Medicare Advantage or Medicare prescription drug plan when your Keystone 65 coverage begins.

Games Workshop

This is a labor of love. I created this for one of my all time favorite games, Games Workshop's Mordheim – City of the Damned, when I found their official roster sheet to be rather lacking.

For a time it was hosted on Games Workshop's "Specialist Games" web site as an alternative to the official roster sheet. Fans of the game still track me down to update the sheet from time to time. It has been updated as recently as 2017. I even did a French version!
